

RANGE VIEW

ELEMENTARY,

An IB World School

WHO WE ARE . . .

Approved March 2021

Our Mission

Inspiring Innovation, Empowering Success

Range View is a collaborative community dedicated to inspiring and empowering internationally minded citizens who are inquiring, knowledgeable, caring, and prepared to play a meaningful role in an increasingly dynamic and interrelated world.

Our Vision

Collaborative effort generates growth for all.

We serve the whole child
and align our work with IB and Weld RE-4.

Our Focus

We focus on learning, collaboration, and results. The five questions that guide our work are...

1. *What do we want to know and be able to do?*
2. *How best will we learn?*
3. *How will we know if we have learned?*
4. *How will we respond when learning has not occurred?*
5. *How will we respond when learning has already occurred?*

Who We Are

- ALL Students, ALL Staff!
- We are principled; what we say, we will do.
- We cooperate; *We* instead of *me* without competing.
- We communicate with integrity; we talk to people, not about people.
- We bring enthusiasm and positivity to our teaching.
- We reflect on our practice to continuously improve.
- We collaborate by listening, contributing, supporting, & being open-minded.
- We encourage all voices to be heard & share in decision-making (*fist-to-five*).
- We honor our time by being efficient, professional, present, & productive.
- We value balance.

Core Values

Community

Our staff, students, & families work together to help us all reach our potential.

Professionalism

We seek healthy & respectful relationships through building trust with one another.

Safe Environment

We are committed to maintaining a physically, mentally, & socially safe environment that promotes high levels of academic growth & achievement.

Decision-Making

We utilize our decision-making matrix to determine how decisions are made. We arrive at consensus decisions when all voices have been heard & the will of the group is evident.
